Reports

- o Section Coordinator

Jeff Bourman MLC (Shooters & Fishers Party Member for South Gippsland) and his advisor Norm Dunne attended the PPLA match. Jeff indicated he was impressed with the way in which the match was conducted and was happy with the safety aspect of the sport. Is looking at attending the SSM1 to open the event. Contact the SC if any member would like to speak with him further.

Drug testing – SC has spoken with Regional Director who indicated that IPSC Australia is not affiliated with any sport drug agency. IPSC Australia has no plans to introduce random testing at matches, however that doesn't mean that drug testing will not occur. Also, if a competitor is identified as having taking prohibited quantities of substances or prohibited substances; they may still be disqualified under the rules.

A local gym owner has interest in incorporating firearm training into their program. The local gym / fitness trainer had approached a club to use their range for this training. IPSC Vic discourage any club from becoming involved with this training, as it has the potential to bring the sport into disrepute, and does not appear to fulfill a "genuine reason" under the Firearms Act. However, that is a matter for L&RD.
